Health Office Boston Oct<sup>r</sup> 29. 1821  
Committee for the Week  
Messrs David Mosely  
Simon Wilkinson and  
James Davis

Health Office Boston October 31<sup>st</sup> AD 1821

The Board of Health with their Secretary, being absent, at Magnificent's Island, agreeable to the order of the Board of the 29<sup>th</sup> instant, on Application, I repaired on board the Brigantine Galego, from Baltimore - Cargo, Flour, David Snow, Master, belonging to Henry Henry & Co, her crew 5 men, & three passengers, I examined her papers, and every one of her crew, & found them all in her best health, the vessel clean, Cargo safe, and no Contagion or Sickness on board, and considering that there was a head wind, no tide & impossible for the vessel to reach Quarantine Ground, before the time that the general Quarantine would be raised, I permitted her to remain, and after receiving her Quarantine fee, I granted her, the necessary Certificate for entry at the Custom House -

Approved

Benny Whitman M.W. No 10

Health Office Boston October 31<sup>st</sup> AD 1821

In the absence of the Quarantine Committee & the other Members of the Board - on Application, I repaired on board the Schoon Manilla, from New York, & viewed 20 Bales of Buffalo Skins, and 6 Haggsheds of Rabbit Skins, and finding them in good order, and safe, I permitted them to be landed on Central Wharf -

Approved

Benny Whitman M.W. No 10

Health Office Boston October 31<sup>st</sup> AD 1821

In the absence of the Quarantine Committee, the other Members of the Board, and the Assistant Physician on Application, I certified to the Collector, that 20 Bales of Buffalo Hides, in good order, part of the Cargo, of the Schoon Hero, Wm Robinson for Master from New York, might be admitted to an entry and landed, after being more fully examined by the Quarantine Committee or some member of the Board.

Approved

Benny Whitman M.W. No 10

Health Officer Oct 31. I after wards  
viewed the Buffalo Holes mentioned in  
the last entry, & found them safe and  
fit to be landed and gave leave to have  
the same landed -

Approved by the Board Nov 5<sup>th</sup> **Bury Whitman M.W. W-10**

Health Officer Nov 2 1821  
Complaint having been made that the  
contents of a vault belonging to Mrs. Smith  
situated in a yard in Myrtle Street. is  
so full that it escapes from said vault  
and runs on land owned by Mr. Parker  
and having examined the same I believe  
it a nuisance the secretary will  
notify Mrs. Smith to cause the vault  
to be fixed or otherwise repaired to  
the satisfaction of the Board of Health  
within ten days from the date of this

A complaint has been made to me of a drain  
being stopped situated in Portland Street the  
house is owned by Mr John Richardson of  
Newton and occupied by Mr Bracket and others  
I have examined the same and find the drain  
stopped so that the waste water remains on the  
surface of the ground and is a nuisance —  
the Secretary will notify the said Richardson  
to cause the drain to be repaired and six  
days are allowed for that purpose —

Health Office Boston February 4<sup>th</sup> 1822  
Committee for the Week

Messrs Homes  
Williams and  
Whitman

Health Office Boston February 4<sup>th</sup> AD 1822 —  
The Undersigned, Members of the Board of Health, upon Com-  
plaint made at the Health Office, that in a building No 30  
Market Street, occupied by Doctor William Ingals, and owned by  
Samuel Parkman Esqr. there were remains of dead human  
Bodies, which created a great nuisance to the Inhabitants and  
occupants of Buildings in the vicinity of said place, and also that  
in house ——— owned by Enach Patterson, and occupied by  
Mrs Mary Hovey, situated in Elm Street, there was secreted a dead  
human body, which was a nuisance — We proceeded to examine  
and view said places, and did not find, at the said place, in Elm  
Street, occupied by Mrs Hovey, any dead body, or any part of the  
same, or any other nuisance — But in the Building No 30  
Market Street, occupied by Doctor William Ingals — we did find  
a large Tub full of the Entrails of human bodies, and a large  
quantity of human bones, and faces, not dried emitting an  
~~offen~~ offensive effluvia, extremely noxious, and injurious to the  
Health and Comfort of the citizens of Boston, residing

and doing business in the vicinity of said place —  
and the same we declare to be a great nuisance —  
Wherefore we direct that the Secretary of the Board  
of Health, summon the Board to appear at the Health  
Office, Tomorrow, Feb 5<sup>th</sup> at 3 O'clk PM - to take said  
subject into consideration, and pass such orders, relative  
to the same, as they in their wisdom shall think proper

Attested February 5<sup>th</sup> 1822 at  
10 past 9 O'Clock, per above order

Committee for the Week

Health Commissioners Office  
City of Boston 30<sup>th</sup> May 1822

The Committee to whom was referred the Memorial of Bates & Darinport and others respecting a nuisance existing at the I and adjoining the Long Wharfe have attended to that duty, and find that a large quantity of filthy, putrid, and nauncious substances collect and remain in the corner, on the westerly side of the I and next the Long Wharfe, which in hot weather, is exceedingly offensive and injurious to the health of the Inhabitants of the City, and is a great nuisance, this is occasioned by means of having no current of tide through the causeway and Dam, leading from the I to the Long Wharfe — To remove the said nuisance, and prevent the same in future, this Committee order, —

That said filthy, nauncious and putrid substances be removed by the Owners & occupiers of the I within Ten Days, and that a free channel way for the Tide to flow through said causeway and dam, and near to said Long Whf. be cut and opened of 24 feet wide in the clear, and 8 feet deep, and on a level with the lowest part of the flats on the easterly side of said Dam or Causeway within Twenty days and the same be kept open at all seasons of the year. And that this be done by the Owners of the I — and to the approbation of the Board of Health Commissioners — And that the Secretary forthwith notify George W. Brimmer Esq and Martin Brimmer Esq Heirs of the late Martin Brimmer Esq being the Owners of the I of this Order

" Henry Williams }

Health Office Boston Feb 10 1824

As some alarm may be excited in the minds of the Public in consequence of the appearance of the small pox within the City, The Health Commissioners deem it their duty to give notice. That yesterday evening they were informed a Mr Ambrose Jones recently from Marblehead but then residing in Pleasant Street, was sick with the disease, immediate measures were taken for his removal, and this morning Mr Jones and his Mother who had been in attendance, were removed to the Hospital on Bainbridge Island, the Bed and Clothing destroyed, the House thoroughly purified, and those liable in the immediate vicinity, were directed to be vaccinated. Therefore they believe the spread of so great an evil is guarded against, but should any other case occur the same precautions will be taken, and Public notice given of the fact. The Commissioners cannot close this communication without earnestly recommending to their fellow citizens the necessity of submitting to the general vaccination now in progress, which remedy, they are well persuaded is a sure preventative <sup>against</sup> so loathsome a disease. —

N.B. Mr Jones probably took the infection from some articles belonging to his Brother who lately died of the small pox in a neighbouring Town. —

Notice having been given to Dr. Welsh last evening  
that some of the family of Am. & Tra. Jones had symptoms  
which were necessary to be attended to the Doctor  
this morning attended at the House, and reported  
to the Quarantine Committee (who had been called  
together at the office) that there was no doubt of that  
Mrs Jones had an apparently mitigated small pox  
it was accordingly determined to procure a pilot boat,  
and a Carriage to <sup>take</sup> the person sick and those immedi-  
ately connected down to the Island;

pursuant to the above determination Mrs Jones &  
family being 6 persons were sent down in a pilot boat accom-  
panied by her husband, Doctor Welsh also went with them  
John Cotton proder-

for publication

a disease of an eruptive kind, probably mitigated small  
pox having shewn itself in the family of Mr Jones in pleasant  
street where a young man was lately removed with small pox  
the Board of Health immediately caused all exposed to be sent  
to the Hospital at Rainsford's Island; & the House to properly purify

The person diseased was recently vaccinated, and tho' probably  
not soon enough to destroy entirely the small pox, yet ~~was~~ enough in  
time to render it so innocuous that no sickness has attended  
the eruption

Health Office 24 Feby. 1824

The contracts for night soil expire on the 21<sup>st</sup> instant, after which there will be no check on the price demanded by those who may undertake that work; by the present regulations no persons but contractors can remove the Night Soil, for which there are now on the Books one hundred applications, and more are daily making all which is respectfully submitted to the City Council by the Health Commissioners

To Hon City Council

signed John Cotton President

Health Office May 14 1824

Sir

In the note with which I was honoured yesterday, you mention the propriety of advertising for contractors for removing Night Soil: on the 29<sup>th</sup> of March the Board directed the usual advertisements to be made, for applications for such contractors to be delivered on or before the 30<sup>th</sup> of April; supposing the order of the Common Council of the 26<sup>th</sup> April and the Board of Aldermen of the 29<sup>th</sup> to be formed on a knowledge of those advertisements I did not allude to them, which I should otherwise have done, applications have been made and are now subject to the determination of the proper authorities; it was not thought proper that this Board should complete them after the communication above alluded to but it was judged right that the Council should have information of the situation of the business.

The Hon the Mayor

Very respectfully Your most ob<sup>d</sup>  
Signed John Cotton Pres of C of H

Complaint having been made at this Office that two Seamen belonging to the Brig  
Almira were sick with Fever at the Boarding House kept by Mr Brailey, corner  
of Sun & Moon Streets, and it being the opinion of this Board that the Powers  
heretofore delegated to them were resumed by the City Council, the complainant  
was referred to the Mayor for advice, a member of the Quarantine Committee went  
with Mr Brailey to the Office of the Mayor, Mr Quincy being doubtful of his  
authority, & in the premises requested that the Board would act as  
authorised them to make use of his name and he would

When the Committee were called upon to consider the request of the Mayor, they were unwilling to throw any obstacle in the way which would embarrass the City Government or to shrink from what might be conceived their duty acceded to the request of the Mayor. They proceeded on Board the Brig Almira laying at Central Wharf and found that the Vessel sailed from Savannah on the 15<sup>th</sup> Inst and arrived here on the 23<sup>rd</sup>. The crew consisted of the Capt (Harding) 2 Mates Steward (Boy) and three Seamen which with five others who worked their Passage constituted the whole crew. Her cargo consisted of Cotton, Rice and Pine Timber, the Cotton & Rice had been discharged, as also the crew except the Capt Mates & Steward, the Vessel appeared to be clean and in good order, upon examining the Capt & Mates it appeared that the crew had been healthy until Sunday morning the 23<sup>rd</sup> when one of them named Ted complained, the other a Brother of the former also complained on Monday, and were excused from doing duty, Tuesday morning being then in the Bay <sup>(the Captains)</sup> he gave them Medicines. Tuesday noon arrived at the City without stopping at Painsforas Island as was his duty to have done, in the course of the day the crew were discharged and paid off, the men now sick being well enough to be about. The Committee accompanied by Doct Welsh then proceed to the House of Mr Brailey and found the men apparently very sick the Doct. was of opinion that it was not necessary to remove them their disease appearing to be Typhus Fever, such precautionary directions were given to Mr Brailey as the Doct. thought proper, and he was directed to report their state daily, the Committee did not think it necessary under existing circumstances to send the Vessel to the Island, her cargo with the exception of the Timber having been discharged. —
